Your Consent

You consent to the collection, use, disclosure, transfer across borders to Companies and other entities described herein, and other processing of your personal information as set forth herein for the purposes of considering you for the position you applied or other positions if your initial candidacy is unsuccessful, as described below and for other purposes set forth herein. Before you consent, please read this privacy policy carefully.

Once you consent, your consent will continue to apply unless you revoke your consent by contacting the Company at HRConnect@kla.com.

Scope of This Policy

The controller of information collected and used for recruitment purposes is the KLA company that is

indicated as having posted the position (“KLA” or the “Company”). A list of KLA companies and their contact information is available [here](#). This Privacy Policy applies only to information collected and used for recruitment purposes through the Company’s online system and from other sources. The other sources might include information that you provide other than through the online system as well as information obtained, for example, from prior employers, educational institutions, other references, pre-employment screening providers, and other sources. This Privacy Policy does not apply to any other site or page that the Company owns or operates. Other Company sites have privacy policies specific to each site.

Collection and Use of Your Personal Information

The Personal Information KLA Collects

If you are interested in a job with the Company and you choose to create an account through the Company’s online system, you will have the opportunity to complete an online profile and to submit information to the Company. The personal information collected through the Site includes your (i) first and last name; (ii) contact information, including postal address, email address, and telephone number(s); (iii) work history; and (iv) educational history. You are responsible for providing information that is accurate, complete and up to date when you submit it through the online system. If you apply for a position, the Company may also collect personal information about you from third parties, namely work and educational history from prior employers, educational institutions and other references, and to the extent required or permitted under applicable law, credit reports and criminal checks from pre-employment screening providers.

Please view the [Cookie Policy](#) to understand what information the Company collects when you visit the Site.

Sensitive Personal Information

If you apply for a position in the United States and register your profile, you will have the opportunity to provide information about your gender, race and ethnic origin, disability, and veteran status in order for KLA to conduct equal employment opportunity monitoring and comply with federal contractor obligations.

Whether you provide this information is entirely voluntary. If you decline to provide this information, your application(s) will not be affected in any way. If you choose to provide this information, you consent to the Company using it for equal employment opportunity monitoring and reporting purposes. This information will not be used to evaluate your application for employment.

Except as described above, the Company will not request or otherwise collect information about your health, racial or ethnic origin, political opinions, religious or philosophical beliefs, trade-union membership, sexual orientation, your genetic information or biometric information through the online system during the application process unless applicable law, as an exception, requires doing so.

The Company, or a third-party background check company under contract with the Company, may check criminal history records for information about convictions, but only to the extent required or permitted by law.

Why the Company Uses Your Personal Information

The Company will use the information collected about you through the recruitment process to verify eligibility for employment; evaluate your qualifications for employment, education and work history; conduct interviews, skills assessments and tests and assessing same; and for related recruiting administration, internal reporting and recordkeeping purposes, such as to check references or to conduct pre-employment screening or background checks. In addition, if you are hired, the Company will maintain the information collected about you in the recruitment process for purposes of facilitating the employment relationship, as described in the relevant privacy notice for employees. The Company will not use your personal information to engage in automated decision-making.

If you are not hired for the position for which you initially apply, the Company may - with your consent, if consent is required - use the personal information to evaluate your suitability for future job openings. Based on that evaluation, the Company may contact you to find out whether you are interested in applying for new job openings.

The Company's employees involved in the evaluation of your application and, if you are hired, in the administration of your employment relationship with the Company will have access to your personal information on a need-to-know basis.

Candidates for Positions outside Europe.

Where applicable data protection law requires a lawful basis for collecting, using and otherwise processing your personal information, the Company relies on your consent to do so. The processing of your personal information is necessary for the Company to determine whether to enter into an employment agreement with you. If you do not provide requested information, the Company may not be able to consider you for employment. In addition, the processing of your personal information is necessary for the Company to pursue its legitimate interests in recruiting and hiring suitable personnel.

Candidates for Positions in Europe

We process your personal information for the purposes described above on the following legal bases:

- the processing is necessary for compliance with a legal obligation to which the Company is subject (verifying eligibility for employment, and conducting pre-employment screening or background checks where required by EEA or UK law); or
- the processing is necessary in order to take steps at your request prior to potentially entering into an employment contract with you (evaluating your qualifications for employment, education and work history, and related recruiting administration); or
- the processing is necessary for the legitimate interests pursued by the Company in ensuring that it properly evaluates candidates so that it hires persons who are qualified and appropriate for the position (conducting interviews, skills assessments and tests and assessing same; preparing and sharing internal reporting and recordkeeping), except if in light of circumstances particular to you, the Company's interests are overridden by your interests or fundamental rights and freedoms that require protection of your personal data.

You are required to provide information about your employment eligibility under applicable law. If you do not provide such information, the Company will not be able to enter into an employment contract

with you and therefore will not consider you for employment. If you do not provide other requested information, the Company will not be able to assess your qualifications and suitability for the position and may not be able to assess your application or offer you a position.

How the Company May Share Your Personal Information

The Company will not sell, lease, or license your personal information to any third party. There are limited circumstances in which the Company may share the information that you submit online with third parties (and you hereby consent to transfer and share of such information to such third parties), most notably:

- with third party service providers. The Company may, for example, retain a service provider to host all or portions of this Site, to help maintain and manage the Company's databases, to assist in the recruiting process, or to conduct pre-employment screening. Service providers will be permitted to use your personal information only for the purpose(s) for which it was disclosed to them and in accordance with the Company's instructions. Service providers generally will be located in the United States or in the country where you are applying for a position;
- with affiliated companies, such as grandparent, parent and/or subsidiary corporations, for their recruitment, recordkeeping and/or reporting purposes;
- when required by law, such as when responding to subpoenas, court orders, legal process, a discovery request in civil litigation, or a legitimate request by government or regulatory authorities;
- if the Company believes that your actions violate applicable law, or threaten the rights, property, or safety of our Company or others;
- if the Company sells some or all of its business, the Company may disclose all of the information that it has collected about you to a purchaser or, in due diligence, to a potential purchaser, but subject to a confidentiality agreement.

The Company will make such disclosures in compliance with applicable data protection laws.

Retention of Your Personal Information

If the Company hires you, the information that you submitted through the online system and the information that is collected during the application process may become part of your personnel file and may be used to administer the employment relationship and for related reporting and recordkeeping purposes, as described in the Company's employee privacy policy. If you wish to withdraw your application, you can do so at any time by contacting the Company at HRConnect@kla.com.

The Company will retain information of candidates who are not hired for the maximum retention period permitted under applicable law, in particular until there is no longer a legitimate business purpose for retention (in particular to consider you for positions in addition to the position(s) for which you initially applied). For candidates for positions in Europe, Japan and South Korea, information will be purged after

one year unless you consent that the Company can keep your information for other positions.

International Transfer of Your Personal Information

The personal information that the Company collects about you in the recruitment process will be transferred to, and stored on, servers provided by Workday, our recruitment service provider, whose servers are located in the U.S. In addition, authorized employees of the Company and/or affiliated companies at locations outside the United States may have access to your personal information as part of the recruitment process. These countries may have data protection laws less stringent than the laws of your country. We protect your personal information using a combination of protections, including relying on laws and data transfer agreements.

Under the laws of the EU, Japan and Israel, transfers between EU member states and Japan and transfers between EU member states and Israel are subject to adequate protection. Transfers to the United States or other countries where the Company entities are located are not subject to such protection but are protected by standard contractual clauses approved by the European Commission. You may obtain a copy of those clauses by contacting us at HRConnect@kla.com.

Security for Your Personal Information

KLA wants you to feel confident about providing your personal information through the online system. Your submissions of information to Workday's secure server are protected by Hypertext Transfer Protocol Secure ("HTTPS") and Transport Layer Security ("TLS") technologies, utilized by many popular browsers to help safeguard transmissions. These technologies allow the use of encryption tools to protect information transmitted between your computer and Workday's server. After Workday has received your information, access to it is limited to employees with a need to know.

While KLA strives to protect your personal information, the Company cannot guarantee the security of any information that you submit through the online system, and you do so at your own risk. The Company urges you to keep your username, password and any other log-in credentials in a safe place as you share responsibility for maintaining the confidentiality of the information that you submit to the Company. It is a good practice to sign off your account and close your browser window when you have finished your visit to our online system.

Your Rights with Respect to Your Personal Information

You can access, update, or correct your profile information by visiting the online system. Log in to your "Candidate Homepage." From this page under My Account, you may update your contact information. In Edit Account Settings, you may change your email address. You may also make a request to delete your information by sending an email to HRConnect@kla.com. If you have any questions about this privacy policy, please contact HRConnect@kla.com.

Candidates for Positions in Europe. You have certain rights with respect to your personal information, subject to conditions set forth in applicable laws, including the right to:

- access and receive a copy of your personal information;
- require that the Company rectify inadequate, incomplete or incorrect personal information

about you;

- object to the processing of your personal information, on grounds relating to your particular situation, when the processing is based on the Company's legitimate interests. If you do object in these circumstances, the Company will stop processing your personal information unless there is an overriding, compelling reason to continue the processing or the processing is necessary to establish, pursue or defend legal claims;
- request that the Company erase your personal information;
- request that the Company restrict the processing of your personal information so that it is stored but not otherwise processed; and
- obtain from the Company, or to ask the Company to send to a third party, a copy of your personal information in electronic form that you provided to the Company with your consent or to undertake pre-contractual measures.

Lodging a complaint: You have the right to lodge a complaint concerning the Company's processing of your personal information with the supervisory authority where you live or work or where the alleged violation occurred.

Withdrawing your consent:

You can contact the Company at HRConnect@kla.com if you would like to withdraw your consent to the Company's use of your information to consider you for future positions, disclosure, transfer, or other processing of your personal information as described in this Privacy Policy. Any withdrawal will not affect the lawfulness of processing based on consent before its withdrawal.
